

GÜHRING

USED CARBIDE WE CAN
REALLY MAKE GOOD USE OF

Sustainable use of high-
quality raw materials

Guehring recycling carbide protects the environment and conserves resources.

Simply throwing away high-quality raw materials? They're much too good for that!

**We offer you an environmentally friendly and economically attractive alternative:
Our recycling of carbide tools.**

Thanks to our own carbide technology we are in a position to recycle the valuable raw materials from the carbide. This way we protect the environment together and you get hard cash back for your worn carbide tools.

For a non-binding quote simply complete this form and send it to us by fax, e-mail or post.
